For over thirty years, we have been active partners in shaping the future of our community. More than just providers of education and training services, we have been, and continue to be, a fundamental pillar in realizing the Kingdom's Vision 2030. Whether by empowering individuals and guiding them toward successful career paths, or by establishing initiatives that contribute to building a diversified and sustainable economy, we remain steadfast in our mission.

Our unwavering belief that human development is at the heart of comprehensive growth guides every initiative and project we embark on. From our international and national schools, accredited training institutes, and advanced contact centers, to integrated business solutions, recruitment services, and professional consulting.

In the face of growing challenges and an ever-evolving world, we renew our commitment to excellence and innovation. We pledge to continue delivering the highest standards of quality and efficiency. Together, we will achieve continued success and accomplishments for both our company and our beloved nation.

## A Story Told Across Generations

For over thirty years, Al-Khaleej Training and Education has been impacting the lives of thousands by offering its expertise in education, training, development, and recruitment for individuals and institutions in the Kingdom of Saudi Arabia and the world. Till Now it remains the ideal partner in guiding individuals on their journey toward success.

## More than 30 Years

Our journey began with a dream and commitment to be partners in building individuals, and providing support throughout their educational and professional journey. Over the past thirty years, we have become – and continue to be – the preferred choice for training and education in KSA.

We started in 1993 with one training institute in Riyadh. Today, we have branches dedicated for both men and women, spread across the Kingdom. Additionally, we have more than 10 national and international schools, along with several specialized companies in services, business solutions, contact centers, employment, and business development.
